PROFILE

My previous role as a manager at PSD2HTML's Ukraine branch equipped me with valuable skills and insights that I have transferred to my current passion for web development. I pursued a coding bootcamp and acquired the technical proficiency and project experience to build web applications. I realized that web development and management share common aspects: both demand design, logic, precision, and collaboration.

EDUCATION

Nashville Software School:
Full-Stack Web Development

Holyoke Community College:
Associates Degree in Music

SKILLS

- C#
- .NET Framework
- JavaScript
- React.js
- HTML
- CSS

TECHNICAL EXPERIENCE

Software Development

Nashville Software School - February 2023 - August 2023

- Hands on application of OOP fundamentals through group and individual projects reflecting real world business problems
- Source code version control and project management with Git/GitHub
- JavaScript fundamentals leveraging DRY, modular, readable code and reusable components
- Built browser-based single page applications using React, HTML, and CSS
- Styled applications with CSS Frameworks, Bootstrap and wrote custom styles as needed
- Application design through white boarding dependencies and building ERD's
- Created and modified database design/content using SQL, ADO.NET, and ORM tooling, including exposure and experience with migrations
- Created RESTful APIs with C#/.NET using WebAPI

PROFESSIONAL EXPERIENCE

Business Owner (Optimal Turf Care)

Managing the business October 2017 - February 2023

- Established and maintained the vision, mission, and values of the business.
- Oversaw the financial performance and budget of the business.
- Negotiated contracts and agreements with vendors and suppliers.
- Resolved any legal or regulatory issues that arose in the course of the business.
- Evaluated and improved the quality and efficiency of the services offered by the business.

PSD2HTML

Manager for a PSD to HTML conversion company

- Managed a team of skilled and experienced PSD to HTML developers who delivered high-quality and responsive websites for various clients
- Communicated with the clients to understand their requirements, provide them with updates, and ensure their satisfaction
- Handled the budgeting, scheduling, and invoicing of the projects, as well as the performance evaluation and training of the developers
- Ensured that the websites met the web standards, SEO best practices, and cross-browser compatibility
